

REF-619 Knitted Shoulder Support

Features

The knitted shoulder support limits shoulder and arm movements and is individually adjustable with two different buckle positions. This allows the shoulder support to be ideally adapted to the user's needs. Thanks to its soft knit fabric design, the compression support is suitable to be worn under clothing. The smart system prevents the tapes in the armpit and chest area from narrowing. This increases the comfort of use under daily wear.

Indications

- Nonsurgical with anterior shoulder dislocation and chronic anterior subluxation
- Painful omarthrosis
- Postoperative after shoulder stabilisations.

REF-722 Knitted Wrist & Hand Splint

S	M	L	XL	XXL
15 cm 17 cm	17 cm 19 cm	19 cm 21 cm	21 cm 23 cm	23 cm 25 cm

Features

Knitted Wrist & Hand Splint is a support with a compressive action that stabilises the wrist. Uniting compressive knitted fabric, a hand splint and an additional strap, the support provides stabilisation, relief and can reduce pain. The supple border prevents constriction. One of the benefits of the Knitted Wrist & Hand Splint is its high elasticity in the thumb area- this optimised comfort zone enables it to mould itself to the body.

Indications

- Carpal tunnel syndrome.
- Tendonitis, tenosynovitis, tenosynovitis issues.
- Used to reduce the hand wrist pain.
- Used for protection and rehaul after surgery and injury.

REF-730 Knitted Lumbosacral Corset

S	M	L	XL	XXL
75 cm 85 cm	85 cm 95 cm	95 cm 105 cm	105 cm 115 cm	115 cm 125 cm

Features

Knitted Lumbo-sacral Corset is a lumbar support that can relieve pain in the lumbar spine through stabilisation. The integrated inner hand loop on the left side and the outer loop on the right make it easier to put the support on. The skin-friendly towelling material on the inner surface of the fastener makes it very comfortable to wear. In addition, special knit and fastener shapes in the groin area of the hip ensures a non-slip, correct fit of the Knitted Lumbo-sacral Corset.

Indications

- Lower back pain (lumbago)
- Muscular insufficiency
- Painful conditions of the lumbo-sacral junction

REF-699 Knitted Knee Brace

S	M	L	XL	XXL
31 cm	34 cm	37 cm	40 cm	44 cm
34 cm	37 cm	40 cm	44 cm	48 cm

Features

It is produced from breathable and non-sweating knitted fabric. Thanks to the ingenious knitting technology, it consists of a firm, compressive material. This gives the joint the required stability, yet is still easy to put on. The soft Comfort Zone with its rippled structure and diamond centre in the hollow of the knee provides the necessary comfort in wear, also when moving around.

Indications

- Slight instability of the knee joint.
- Osteoarthritis of the knee.
- Arthritis.
- Protection during sport activities.

REF-700 Knitted Knee Brace - With Patella & Ligament Support

S	M	L	XL	XXL
31 cm	34 cm	37 cm	40 cm	44 cm
